

Student/Trainee (m/w)

in the German “dual studies” system of academic studies and vocational training in the field of business informatics and development

Who we are

BREUER Nachrichtentechnik GmbH, with over 60 employees, has long-term experience in developing and operating complex technologies and applications in the fields of telecommunications and telematics.

That's WHAT we do. WHO we are, WHY we do what we do and HOW we go about things, is what makes us stand out.

At BREUER we thrive on the complex technical challenges put to us by our clients. What characterises us are fast and often innovative solutions, be that consultation, conceptualisation or immediate implementation. It's important to us to properly understand our clients' requirements. Dynamism, agility, fun and professionalism are what we stand for. And we enjoy taking on internal challenges by doing things differently and making them even better each time.

We work in one of the sunrise industries of modern times, communication with and between objects (IOT), and there are still many new exciting areas yet to be developed.

Who we are looking for

As we expand, we are seeking at our headquarters in Bonn:

Student/Trainee (m/f) in the German “dual studies” system of academic studies and vocational training in the field of business informatics

What to expect at BREUER

During your studies you will learn to combine economic theory with the practical experiences of the business. During your vocational training you will be introduced to all aspects of software development within our company. You will have the opportunity to participate on exciting projects working independently. In addition to classical programming you will receive an insight in the areas of application software, accounting, process management, IT-Hardware and IT-security.

The economic knowledge acquired at university and the practical experience of training on the job will give you a wide range of career opportunities. You will be studying at EUFH in Brühl (www.eufh.de)

This is what's special about the position at BREUER

- you'll meet a variety of demanding and interesting challenges with great freedom of action
- you'll be part of a highly motivated, dynamic team
- we communicate openly across the business, not only during our table-football competitions
- we offer good opportunities for personal and professional growth
- you'll be working for a dynamic and flexible company
- you'll receive a salary that reflects your performance and market value

You're a perfect match for BREUER if

- you love dedicating yourself to technical challenges and opportunities with a clear eye on the most effective and efficient solution
- you are a good and firm decision maker and an enthusiast
- you have a strong service mentality and like dealing with people
- you are a true team player
- you are flexible and like travelling
- you have good English language skills (written and spoken)

We look forward to receiving your application, indicating your earliest possible starting date and your salary expectation.
